MARPLE NEWTOWN

"Four years is a short amount of time."

"It's over faster than you know it."

Maybe we can add another famous quote relating to high school and it's lifespan: "We made the absolute most of it."

Here is where our life happens.

Here is where it happens.

What exactly is "it?"

It's the basketball games, the parties, the midnight trips to WAWA when you and the guys have already played too much *Rock Band*.

It's the two-a-days in the late summer, when the only thing that wakes up before the cross country runners and football and tennis players are the birds that chirp away with every hit, step, and whistle.

It's the Saturday pre-prom preparations with your best friends: painting the nails, spraying the hair, and giggling with anticipation.

You can say that "it" happens at every school.

We'd try to explain, but we can't.

"It," our lives, only happens HERE.

here is our life

FALL LIFE

The band and color guard performed their much anticipated routines during halftime of all the football games of the season.

Two big events were the Girls Powder Puff Game and Volleyball Night. Both ended with one group crowned as the champion.

HOMECOMING

Every fall, Spirit Week takes place. Students participate in a myriad of activities each day in order to garner points for their class and help win the trophy. Activities this year included: College T-Shirt Day, PJ Day, Pro-Sports Day, Business Dress Day, and Color Wars. Tiger Olympics and the Fall Pep Rally were also a big hit. For the fourth consecutive year the seniors were crowned "Spirit Week Champs," leaving them undefeated for graduation.

The GAPP program took place again this fall, allowing German students to spend three weeks with host families from our area. MNHS provided these students with a once in a lifetime experience.

A three year construction project on the high school began this year with the Groundbreaking Ceremony. Students and administrators are pictured below with the "golden shovels," breaking ground and symbolizing the beginning of a new era for Marple Newtown High School.

This season, the football team made it to the District One Class AAA Playoffs for the first time since their appearance in 2006. The Tigers battled Owen J. Roberts in game one, but were unable to keep up. The boys fought hard with a final record of 7-4.

Winter Life

December was the time for the band's annual trip to Disney World. Once again it was a huge success. Students were always anticipating the next big event during the cold winter months.

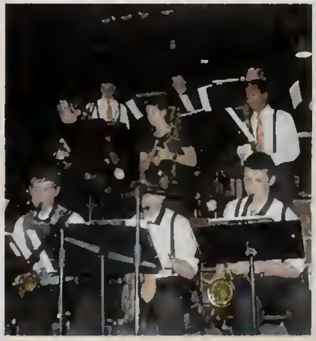
The winter pep rally was held to recognize the winter sports teams and to promote the Coaches vs. Cancer basketball games.

The third annual Coaches vs. Cancer games served as a fundraiser for cancer. Both boys and girls basketball teams fought hard against Harriton, all to raise money for a good cause.

Most of the student body made an appearance at the comical Variety Show this year. These two nights were filled with an abundance of laughter and talent. Proceeds benefited the senior class.

The winter Choir Concert was successful and enjoyable to everyone in attedance.

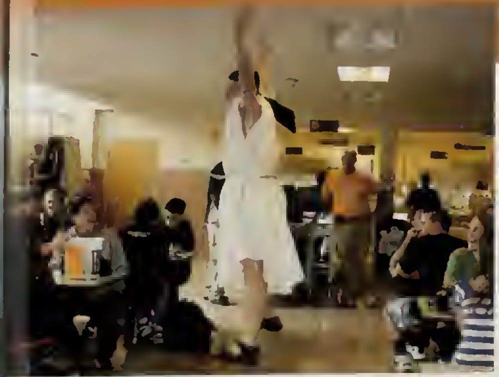
Basketball games are always a good time where the students come to cheer on their fellow classmates.



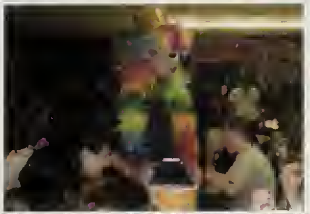
The second dance of the year was the sophomore dance known as "Soph." This is popular for students of all grades.

The dance season kicked off at MN with the highly anticipated Junior/Senior Semi-Formal attended by most of the 11th and 12th grade.

Spring Life



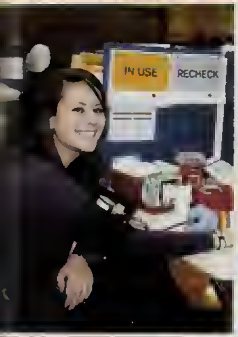
Many students participated in the annual "Mr. Marple" competition. Senior guys dress up to raise the most money for charity and be crowned Mr. Marple!

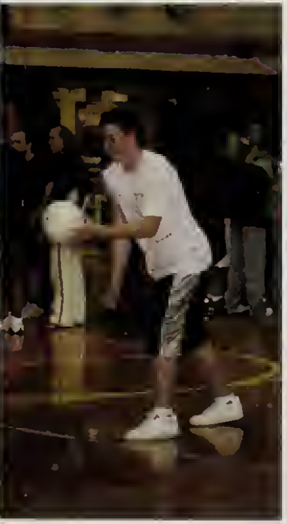


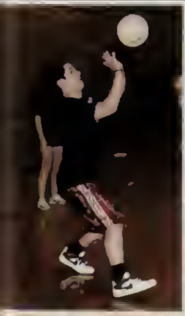
Whether a sprinter, a catcher, or a mid-fielder, spring sports are a great way to stay in shape and enjoy the warm weather. MN spring sport rosters were filled.

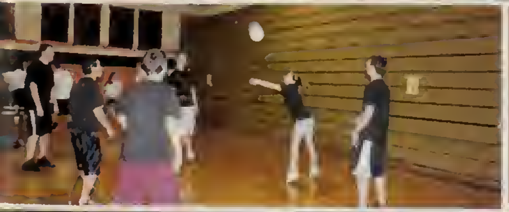
The blood drive was a huge success during this year. Many students donated blood and plasma to the Red Cross for people in need.

There were many other big events that took place this spring: the annual One Act Play Festival where students put on short skits for their peers and teachers; and, the Junior Prom which took place on April 16th at Drexelbrook. Spring fever was settling in as students, seniors in particular, started to wrap up the year.

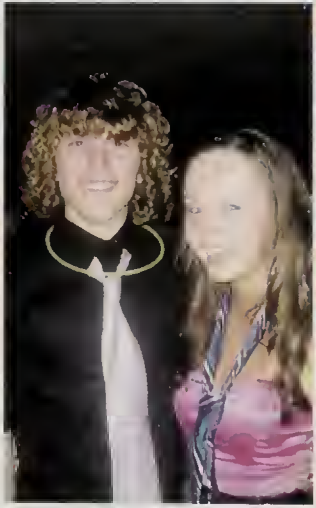




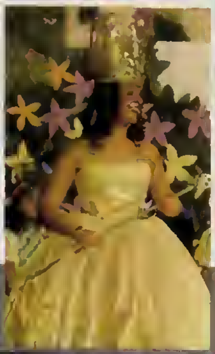




The 2nd annual Volleyball Night took place. Students competed to be crowned champions.



The third dance of the year, "Frosh," took place in early March, providing freshmen and their dates a night of dancing and fun!



The drama department put on the musical "The Wizard of Oz." The show was a big success and widely enjoyed by everyone!

Time is a companion that goes with us on a journey. It reminds us to cherish each moment, because it will never come again. What we leave behind is not as important as how we have lived.

Treasurer
Brandon Corsi

Class of 2010,

"Do not go where the path may lead; go instead where there is no path and leave a trail."-Ralph Waldo Emerson

This quote describes the impact our class has had on this school over the past four years. We certainly have left our mark on Marple Newtown High School. It is has been a pleasure to serve as your treasurer for the past four years; I hope these years have been as memorable for you as they were for me. As we all go off in different directions, we must remember where we have been in order to know where we are going. Keep these memories close and never forget the experiences and friendships you have made here. Seeing what this class is capable of, at this school, has shown me the greatness to expect out of the individuals of this class. I would like to thank my fellow officers - Olivia, Kate and Jane - for making these last four years some of the best. Also, Mr. Hannan deserves a big THANK YOU for all of his support and ideas in contributing to making this class what it is. I bid you all farewell and good luck in all of your future endeavors.

Brandon Corsi

Secretary
Jane Horakova

Congratulations fellow classmates, the time has finally come! We are all leaving the halls of Marple Newtown High School and heading off in different directions. Although at this time next year many of us will be living different lives, in different environments with different people, we will all have shared one thing: this high school. Each and every one of us will have the wonderful memories of pep rallies, sports games, dances, and the many other unforgettable school events of these past four years. I'd like to thank Mr. Hannan for making my years (and everyone else's in the Senior class) the most memorable; we could not have done this without you. I'd also like to thank Olivia Menta, Kate Homa and Brandon Corsi. It was a pleasure having you as fellow class officers. Finally, I'd like to thank you, Marple Newtown Senior Class of 2010. I'll never forget any of you. Everytime I'll look back and think of my high school years, I'll look back with a smile. I wish you all the best of luck with whatever you choose to do in life. I hope you never forget your friends, teachers and the staff at Marple that helped you and I become the individuals that we are today.

Jane Horakova

Class Officers

Hello Class of 2010!

The past for years have been outstanding and I'd like to attribute that to all of you. As undefeated homecoming champions for four years, I assure you that the classes to follow us will have huge shoes to fill. Having been your president I've learned countless lessons from all of you and gained a memorable experience - just as my fellow class officers hope to have given you. I'd like to thank Mr. Hannan and Mrs. White for being two amazing class advisors, and also Kate, Jane, and Brandon for making such a great team. Most of all I'd like to thank you as a class for trusting me and giving me the opportunity and chance to make your four years at Marple unforgettable. I wish all of you the best of luck in your future. Remember we are the people Walt Whitman wrote about - we are the pioneers.

Olivia Menta

Olivia Menta
President

Dear Class of 2010,

When we opened the doors to Marple Newtown four years ago, we did not know what to expect. Everything seemed so new and different. Now, looking back at our time here, I realize all that we have learned. High school has helped prepare us for the next step in our lives and we have all grown so much as people. You have all impacted my life one way or another, and I am going to miss everyone so much. I can't believe our time at Marple is finally over, but I believe we are all better people because of our years here. As we now open new doors in our lives, it will be scary and exciting, but I am confident that we will all make the best of everything that crosses our paths. Great things lie ahead of us and I know that everyone will acheive their goals. To Liv, Jane, and Brandon: I could not have asked for a better group of people to work with. I was so lucky to be with the three of you all four years. We worked so well together and always helped each other when we needed that extra encouragement or advice. I'm really going to miss you guys! To Mr. Hannan and Mrs. White: You two were amazing. I know that we could not have done anything without you. You were always there to keep us motivated and make sure everything was accomplished. You were truly the best that there is. I wish everyone the best of luck next year and hope that you remember your time spent at Marple Newtown with a feeling of happiness and a sense of pride.

A message from our Principal

Welcome to the 2010 "Memories." The theme for this past year was Making Connections. And whether you have just completed your freshman year, or you are leaving our halls for the next great chapter of your life, I hope you have been able to make strong connections and form friendships and relationships that will last the rest of your life. Trust me when I tell you, your high school friends are like no other. Hang on to them for as long as you can.

Beginning this year and continuing for some time, our school will be experiencing many dramatic changes. Make sure you take the time to look around and remember how the school used to be before renovations. You may not realize it, or believe it, but someday you'll be telling someone, "I remember when the cafeteria used to be over here" or "That wasn't here when I was here."

Whatever your future holds, I wish you the best of luck. I hope when you graduate, you continue to "make connections" and look back fondly on those from high school. I know I speak for the faculty and staff when I say we have enjoyed our time with you at Marple. I hope you feel the same.

From my position last year as Junior Editor, I looked to the future with apprehension - but I can now say that feeling is completely gone. As I hold the 2010 yearbook, there is no doubt in my mind that we have surpassed all expectations. We have filled these pages with memories that all students will be able to cherish in the future. This would have been an impossible feat to accomplish if it weren't for Rachael, my co-editor. Although many people around the school saw us as just "hall wanderers," we both know how much hard work was put into this book. Without you I don't know what I would have done. You were always on top of things with all your lists and I knew I could count on you when things were in utter chaos. I will never forget our time spent together in and out of the yearbook room - just as long as you remember to "breathe!!" In addition, our sports editor has also taken weight off my shoulders with all of the amazing work she has done. Kelly, you came into this without knowing much, but you have definitely proven that you deserved this position. You were tremendous and have helped make this book just as great. To Wes and Liv, our photographers - thanks so much. These pages would be nothign but words if you guys hadn't lent your helping hands. Another special thanks goes out to period 7/8 and their amazing dedication. Know that your contributions to the book were invaluable and we couldn't have done this without you. To Amandeep and Shivani, our junior editors - have confidence. With hardwork, determination, and communication you can make a great book. Have fun and good luck next year! To Mr. Harris and Ms. Fisher, what can I say, but thanks for being the best advisors ever! Ms. Fisher, your amazing eyes and organization were uncomparable and we could not have met our deadlines without you. Mr. Harris, our never-ending conversations and laughs have helped make the work-filled days fly by. The advice and knowledge you have given both me and Rachael will never be forgotten. And finally, to the class of 2010 - "all our dreams can come true, if we have the courage to pursue them." Whatever your dreams may be, I believe that our time spent here at Marple Newtown has enabled us to fulfill them. I know that each and every one of you have made my high school experience amazing. Good luck to all of you in every desire you wish to pursue in the future. I hope you are able to look through these pages and relive the ones that have already been fulfilled.

Sincerely,

Katie Folliard

As I sit replaying this year in my head, I can't believe that it is really over! It flew by, just as everyone always told us it would, but it's still mind-boggling. The goal of this yearbook staff was to create the best book possible, while including as many students as we could. I think that is exactly what we accomplished. I have to say that none of this would have been possible without my co-editor. I know that no matter how many times we go through this book, it will still be hard to believe we really did it. Katie, I have to say you were probably the best partner I could have asked for. You knew how to calm me down when I was ready to blow a fuse, and you always came through with everything. Your dedication and hard work made the deadlines even easier. I enjoyed spending the many hours I did, in the yearbook room, with you. Thanks so much for everything. To our sports editor, Kelly, you were awesome. You were always on top of your game and did your best work. You took so much pressure off Katie and me and I thank you for that. Everything that you've done looks amazing! To our photographers, Livy and Wes, thanks for always being so eager to help out in any way possible. You guys have taken so many fabulous pictures. It was great working with you both. To our junior editors, Shivani and Amandeep, good luck! I remember sitting in your position last year thinking, how is this going to be possible? Just remember, keep on top of your deadlines, get started early, and have fun with it! This has been one of my most unforgettable, learning experiences, yet, and I hope you both will feel the same way. You can always facebook me if you have any questions next year! To period 7/8 publications, all of you guys are the best! We probably wouldn't have been able to meet our first deadline without all your help. Thanks a bunch! To our amazing advisors, Ms. Fisher and Mr. Harris, none of this would have been possible without the two of you either. Ms. Fisher, you were always available for any questions or problems we had. Thanks for all the time you've dedicated to us this year! Mr. Harris, all the insight you've provided Katie and me with is invaluable. You've spent so much time helping us out, and I can't thank you enough. I'll be sure to show you pictures when I meet Keith Urban at the CMA Festival!!! Finally, to the Class of 2010, our time together has been unbelievable. Four years have come and gone, and in the future, I hope this book will remind us all of the friendships and memories we formed at Marple. Good luck in all of your future endeavors, and always remember, "Graduation is not the end; it's the beginning."

Sincerely,
